### PROPULSION

Number of Engines: 2

Fuel type: Diesel

Engine hours: 201

Total power: 1800 Horsepower

## BROKERS OVERVIEW

This is a highly specified and excellent example of the Galeon 560 FLY. With the general model first launched in 2023, the 560 has redefined the 50–60ft motor yacht segment with its innovative layout and exceptional use of space.

A standout feature is the renowned 'Beach Mode', with opening balconies that seamlessly connect the cockpit and saloon while dramatically increasing deck space. Well-positioned port and starboard serving bars maximise functionality within the main deck entertaining areas.

Below deck, expansive hull windows flood the accommodation with natural light. The three-cabin, two-bathroom layout comfortably sleeps six. The full-beam midship owner's cabin offers generous storage and a private en-suite with separate shower. Forward, the VIP cabin features a large double berth, wardrobe, and overhead skylight, while the starboard guest cabin provides twin berths and excellent natural light.

- Delivered by Argo Yachting to the first owner in January 2025.
- An enormous specification including the upgraded Volvo Penta D13-900 engines, Dockmate remote and Dockmate DPS virtual anchor, Seakeeper stabiliser, generator, passarelle, docking winches, full air conditioning, Premium pack (cosmetic upgrade) and much more.
- Located in Cala D'or Marina in Mallorca.

## HULL COLOUR

- White hull

## DECK EQUIPMENT

- Permateek on bathing platform, cockpit deck and balconies, and side decks
- Permateek on flybridge and steps to flybridge
